Rabies Vaccination Certificate

Proof of a valid rabies vaccination is crucial for international travel. Ensure your pet’s vaccination is up-to-date and administered within the required timeframe before departure. Some countries may require the vaccination to be done at least 21 days before travel

Health Certificate

A Certificate of Veterinary Inspection, completed by a veterinarian, is often required. This certificate confirms that your pet is healthy and fit to travel. Some airlines may also require an acclimation certificate.

Microchip Documentation

A pet microchip is a permanent method of electronic identification implanted under the skin of domestic animals. A compatible microchip with the importing country is required when shipping a pet, accompanied by any documentation.

Import Permits

Depending on your destination, an import permit may be necessary. This permit includes a shipping fee and suitability guidelines for shipment filed by the pet owner with the importing country’s government.
